WANT TO KNOW MORE?

Two Bureau of Indian Affairs publications will be helpful. They are: *American Indians and Their Federal Relationship* and *Indian Land Areas—General.*

American Indians and Their Federal Relationship is a listing of all Indian tribes, bands, or groups for which the Bureau of Indian Affairs has definite responsibility. Also included are those tribes, bands, and groups that have been terminated from Bureau of Indian Affairs services in recent years, and those recognized only for purposes of settling claims against the U.S. Government, such as those involving inadequate compensation for land taken in the past. In addition, Indian groups in certain other categories are also listed. A code number follows the name of each Indian group. This indicates the status of the tribe as of June 1972—for example, one whose constitution has been approved by the Secretary of the Interior under Federal statutory authority of the Indian Reorganization Act; Oklahoma Indian Welfare Act; or Alaska Native Act.

This booklet is 30 cents from the Superintendent of Documents, Washington, D.C. 20402. It is also keyed to:

Indian Land Areas—General, a multi-color map that indicates the location and size of Federal Indian Reservations and the location of State reservations, Indian groups without trust land, and federally terminated tribes and groups. In addition, it has on it tourist complexes both existing and planned on Indian Reservations, Interstate Highways, National Forests, National Parks or Monuments, and National Wildlife Refuges. 35 cents, also from the Superintendent of Documents, Washington, D.C. 20402.
